CONDITIONS

All sporting and leisure activities have inherent hazards associated with them and rambling is no exception . In spite of the safety, of ramblers members being of the paramount concern , accidents will occasionally occur. It is important therefore that when entering into the activity each member appreciates that they have a responsibility to identify the hazards associated with the activity, and take all reasonable steps to eliminate or **minimize** the potential for an accident to arise. Walkers should bring their own provisions and ensure they have suitable clothing and boots. Never leave a walk without advising the leader . When using minor roads walk in single file on the right side of the road facing on coming traffic . Check meeting times and times of public transport. Leaders may alter a route ,change or cancel a walk due to prevailing conditions . Non members are allowed on 4 walks before joining

ON A WALK THE LEADERS DECISION IS FINAL

Grades Check with the leader before hand if in doubt about your level of fitness for any of the walks

Strenuous (S) For experienced hill walkers with high levels of fitness. Over mountainous & rough ground with a brisk or moderate pace

Moderate (M) For experienced country walkers with high levels of fitness .on lower hills with steep ascents & rough moorland moderate pace

Leisurely (L) For reasonably fit people with country walking experience . Mostly on flat but could involve short uphill sections & rough ground distance approx. 8-12 miles

Easy (E) For walks on flat ground with distance up to 5 miles
